NO SHOW POLICY

Dear Patients:

Scheduled medical appointments are very important. They allow the patient and the doctor or physician assistant to have productive time. They are a prerequisite for excellent quality care.

To better serve you, please call 24 hours in advance if you are unable to keep your appointment so we can allocate the time slot for other patients. If you do not show up for your appointment without prior notice, there will be a \$50.00 fee assessed to your account.

Thank you for your cooperation.

I have read and understand the NO SHOW POLICY as written above.
